I have shiped to thy address twenty [illegible] barrels of good Cyder which I am inclined to think will prove satisfactory to you. I have paid five dollars per barrel for them as I [illegible] much pains to get good large barrels put up with pure juice and some of them [illegible] with. I have no doubt but that will do the best that can for my interest Capt Gifford is to have [illegible] cents per barrel freight. I have in pursuit for the Cider that may [illegible] my Brother Gideon Folger the Best procure and inform me. I think it is likely in the Spring I shall have some shipments to make there if I produce the same at your Market My Corn and pork cannot get to Hudson before the River [illegible] there from they proceed.
